ACTIVE SCHOOLS -

Once again I am pleased to report an increasing trend of participation within the opportunities created by the Active Schools team across South Ayrshire. This is thanks to continued support from yourself as a key partner allowing the team to develop a range of opportunities to our children and young people. Please see attached the Term 2 report for South Ayrshire Active Schools for your information. We are particularly delighted to see a continued increase in participation within secondary schools, and an increase within our ASN schools, both areas have been a key focus within the team this term.

We are also pleased to report that funding from sportscotland has been approved to continue Active Schools until March 2019. We are also excited about the recently approved funding which will add a Competitive School Sport Officer to the Active Schools team. This post will be responsible for working with key partners to build a sustainable infrastructure for school sport competition within South Ayrshire.

Our partnerships with local colleges and universities are developing and we have been working in partnership with SRUC to offer a student internship programme. Currently four students from SRUC are working within Active Schools to develop a range of projects providing them with relevant work experience and the transferable skills to take into the workplace once they graduate. We are also working closely with Ayrshire College to offer a range of opportunities for students studying NC, HND and HND Sports Courses.

We are delighted to welcome Caitlin Anderson to the Active Schools team. Caitlin will be responsible for Kyle Academy and the Kyle cluster schools and will have a responsibility for developing pathways for table tennis and cycling within schools. Caitlin has previously supported South Ayrshire Schools as a volunteer and so it is great to welcome her to the team. I have attached updated contact details for the Active Schools team for your reference.

We also launched our new website during term 2 which contains lots of information about the programmes we deliver within schools and the wider community www.activeschools.sa.co.uk.

Thank you once again for the continued support you have given us. We look forward to continuing to develop our partnerships in the future.

If you have any questions or comments regarding the Active Schools programme please do not hesitate to contact me.

Many thanks.

Kirsty

1. Participant Sessions are the 'visits' pupils have made to activities. These figures do not represent the distinct pupils, and should only be taken as indicative of participation
2. Activities are recorded in ASMO as 'Activity Session Blocks' which describe a group who meet to take part in an activity.
3. The Average Activity Sessions/Block figure shows the average length of a block (i.e. how many weeks did the average block run for?)
4. Distinct Deliverers are deliverers who have delivered at least one session of Active Schools supported activity across the selected year/term.
5. Deliverer Sessions are the 'visits' deliverers have made to activities. These figures do not represent the distinct deliverers, and should only be taken as indicative of delivery. Distinct deliverer information is only available at the local authority level.
6. Figures with N/A are not available for the 2008-11 phase of Active Schools. Charts which refer to information pre 2011 will show a huge increase from 0 – this is because we cannot include any 2008-2011 data at this level.
